

Hungarian DX Contest

Organizer: MTTOSZ Radioclub Gyôr on behalf of the Hungarian Radioamateur Society

Goals: to promote the traditionally good friendship between the radioamateurs, to strengthen the reputation of Hungarian radioamateurs, to provide an opportunity to test their skills and technical level as well as a possibility to obtain Hungarian radioamateur awards.

Date and time: The 3rd full weekend of January, between Saturday 12:00 GMT to Sunday 11:59 GMT

Participants: any licensed radioamateur station or SWL.

Frequencies: 1,8 - 28 MHz (no WARC bands). The recommendations for IARU Region 1. Bandplan have to be obeyed.

Modes: CW and SSB

Entries: SOAB - Single Op All Bands - separately MIXED, CW, SSB
SOSB - Single Op Single Band separately MIXED, CW, SSB
MS - Multi Ops All Bands Single TX (MIXED only)
MM - Multi Ops All Bands Multi TX (MIXED only)
SWL (All Bands, Mixed only)

Contacts: Any station can be contacted during the contest. Every station can be contacted once per band and mode.

Exchange: RS(T) + QSO number starting with 001. MM stations shall use separate serials per band starting with 001. Stations operating from HUNGARY - RS(T) give two letters county code.

Hungarian county code: ZA, GY, VA, KO, VE, SO, TO, BA, FE, BP, NG, HE, PE, SZ, BE, CS, BN, BO, SA, HB

Points:

QSO with own DXCC country: 1 points
Another country on same continent: 1 points
Other continent: 3 points
Contacts with Hungarian stations: 6 points

Multipliers: Hungarian counties per band.

Total score: Sum of QSO points multiplied by sum of multipliers.

Logs: Only Cabrillo format via e-mail to: hadx@enternet.hu or (floppy, CD) via mail to: MTTOSZ Gyôr Városi Rádióklub, 9002 Gyôr, P.O.Box 79, Hungary

Paper log only for check.

Deadline of log submission is 30 days after the contest (based on email timestamp or postal stamp)

The subject of the emails should include the contest, the callsign and the category, e.g. HADX W9USC MS

FREE Contest Software: Download [MRASZ](#) Home Page or [HA1AH](#) Home Page or [MTTOSZ Győr Városi Rádióklub](#) Home Page.

Awards:

The top 3 entrant of each class will be awarded certificates. The winners of the SO categories will become honorary members of the Hungarian DX Club.

Remarks:

- No logged duplicate QSO will result penalty if no points are claimed for them.
- The maximum allowed time difference between QSOs in two logs is 3 minutes. If it can be unambiguously determined which station logged the times incorrectly, only the points claimed by that station will be deducted.
- Packet is allowed for everybody. Self-spotting is prohibited.
- The highest maximum allowed power for any classes during the contest is 1 kW.
- Only one signal may be transmitted at any times by anyone. Stations braking this rule will be disqualified.
- Only those multipliers will be accepted, which either have submitted logs or are reported in at least two other logs.
- Band and mode changes are allowed only after 5 minutes after the first QSO on that band and mode. The 5 minutes period starts at the first contact logged in that band and mode.
- The decision of the contest committee is final.
